

850CTM Torque Multipliers, ft-lb

PRODUCT DETAILS

- Extremely portable so it is well-suited to job site use
- Capacities of up to 4000 ft. lbs. or equivalent
- Multipliers can be used with either English or S. I. flat beam torque wrenches
- Reaction bar or reaction foot keeps gear box from turning
- Gear box has natural frictional loss
- For normal requirements, a loss factor of 10% to 20% should be used.
